

## CACI (Jury Instructions) Pick List

These are the filenames of the California Civil Instructions (CACI) as posted on [www.formsworkflow.com](http://www.formsworkflow.com) and available through our toolbar/ribbon's jury instructions assembly tool.

- **The instructions listed below are current through the latest release, which is November 2017.** (A pdf of that release, which is labeled "2018 Edition Complete Text," may be viewed at <http://www.courts.ca.gov/partners/317.htm/civiljuryinstructions>.)
- The Judicial Council **does not** use a "current as of xx/xx/xxxx" date on individual instructions, and as co-publishers we may not either. Dates listed on any given instruction only include that instruction's history per the Judicial Council: The date the instruction was new and, where applicable, the date(s) it was revised, renumbered, revoked, restored. This means most instructions' latest revision dates will be from *before* November 2017, and some have not been revised since they were first issued.
- A number of the titles below are abridged/abbreviated to accommodate computer filename limitations and conventions. Refer to the instructions' texts for the full titles.
- Recently revoked or renumbered instructions are noted below. Revoked instructions will be so marked until the Judicial Council decides otherwise (after which those numbers might be displayed as "reserved for future use")
